Dear Sir:-

Some time ago, a friend of mine, Mr. Luis C. del Rio, at my request, called on you for the purpose of ascertaining if you had any books published regarding Roman Coins and Mexican Revolutionary Coins. Mr. del Rio wrote me that you had very kind to him and had given him a list of some books that might interest me.

I beg to enclose herewith a two dollar bill, and would thank you to please forward to me at your earliest conveniente the book entitled :

THE MEXICAN REVOLUTIONARY COINAGE.

(No.4) Covering 1913-1916.

by Howland Wood. Price \$2.00.

Indeed I am very much interested in coins. Have a very large collection of Mexican Revolutionary Coins, and about three hundred Roman, Greek and other ancient coins, mostly silver.

If I can be of any assistance to you at this end, will beg to glad to hear from you.

Thanking you in advance for the prompt remittance of the book, I beg to remain,

Yours very truly,
